

# BOYD-MARTIN BOAT CO.

*Builders of Outboard Motor Boats*

DELPHI, INDIANA

U.S.A.

September 19, 1929.

Mr. Clem Krider,  
70 Greer St.,  
Paris, Tenn.

Dear Sir:

Thank you for your interest in water motoring -- and congratulations, too! Like you, we're boat-lovers -- and we're anxious to have you turn to page 3 of the enclosed 1929 BOYD-MARTIN CATALOG and consider the BARBARA. Study its beauty -- typical BOYD-MARTIN construction -- and then the surprising low price.

The KINGFISHER on page 5 -- new for 1929 -- is a boat that fills every need -- pleasure, utility sports -- and always safe for the children.

And if you want luxury -- a boat that in beauty, comfort and richness is truly the aristocrat of outboard motoring -- consider the COMMODORE on page 13 -- or the new DIANA.

BOYD-MARTINS were the hit of the New York National Motor Boat Show -- the reception given them was really sensational. The BULLET -- the fastest outboard step-plane ever built and holder of the world's speed record of 41.748 miles per hour -- got more than its share of acclaim by professional racers and young men who want to own only the champion speedster of them all.

But we will let the catalog tell you of BOYD-MARTIN reputation -- and values. Hide away, alone with the catalog -- for 30 minutes of uninterrupted planning. Summer is almost here!

Call on us for any additional information. We are anxious to serve you and will take care of your requests promptly.

As our supply of 1929 literature is exhausted we are listing you for a 1930 catalog as soon as they are printed.

Cordially yours,  
BOYD-MARTIN BOAT CO.

  
Director of Sales

B. R. BATTY-MW35
